The bank, which has gradually been accumulating it from Canada and elsewhere for the present emergency. Sterling exchange was very strong to-day, and actual rates for sight bills and cables transferred were higher than they have ever recorded this season. This condition of the foreign exchange market is the more noteworthy since exports are gradually increasing, and the volume of imports is considerably smaller than a week ago. Besides, shipments of stocks to Europe during the last few days are estimated by foreign ditto houses to have exceeded \$5,000,000 in value. The smaller dealings on the Stock Exchange were fairly well distributed, with St. Paul the most extensively dealt in. Distilling and Cattle Feeding ranked second, and Sugar Refining and Cattle Feeding third. The noteworthy fluctuations were a decline of nearly 2 per cent. in Distilling and Cattle Feeding, said to be due to the liquidation of an account of 5,000 shares, net declines of 1 per cent. in C. P. and Quincy. General Electric, Lackawanna, National Cash Register, and American Cotton Oil, Manhattan Railway, and C. C. & C. St. Louis. On sales of 1,000 shares United States Rubber closed 5/16 points higher than yesterday. The closing was tame.

Reports of the appearance of chick pox in Kansas, as well as of the appearance of the disease in Illinois, are being widely discussed. The disease is said to be a new one, and is characterized by a rash of small, red, raised spots, which are accompanied by a fever and a sore throat. It is said to be highly contagious, and is believed to have been introduced into the United States from Europe. The disease is said to be particularly dangerous to children, and is believed to have caused the death of several children in Kansas.
